

DEPARTMENT OF MILITARY AFFAIRS
Proposed Projects Involving the General Fund (cash or bonds)
(amounts in **bold** are the total budget)

2012-2014

(Projects listed by agency priority; descriptions are from the agency submission)

1. Armory Installation Facility Maintenance Pool **\$7,720,000**

This Pool includes maintenance, alteration, and renovation projects to protect real property, lengthen facility lifespans, adjust to changes in Kentucky National Guard units missions, and to keep department facilities in working order by avoiding more costly major maintenance and repair projects. Classifications of projects include, but are not limited to, roof repairs and replacements, HVAC and electrical upgrades, code compliance, mold and asbestos abatement, and maintenance of roads. (C-PI)

CPAB Staff Notes

- *Funds are requested for this maintenance pool in 2014-2016 (\$9,720,000) and 2016-2018 (\$11,720,000).*
- *DMA has historically received \$860,000 in investment income per year in biennial budget appropriations for this maintenance pool. This total state biennial budget-funding amount of \$1,720,000 is then matched by the federal government on a dollar for dollar basis (i.e. each maintenance project is 50% state funded and 50% federally funded).*
- *Military Affairs has a deferred maintenance backlog of nearly \$16,000,000, which has an annual growth rate of 11%.*

2. Construct Replacement HRO Building Frankfort **\$1,000,000**

This project would construct an approximately 10,000-square-foot building to house the Human Resources Offices (HRO) of the KY National Guard. The new building is needed because the current HRO Building sits on the site of the proposed new Army Aviation Support Facility (AASF) Building slated to begin construction in the 2012-2014 biennium. It will be necessary to have the staff of the current HRO Building relocated prior to the start of the AASF project. The project will be 75% federally funded from a Dept. of Defense construction grant and 25% State funded. (C-O)

CPAB Staff Notes

- *Funding sources also include \$250,000 General Funds and \$750,000 federal funds.*
- *This project has appeared in two previous capital plans and two budget requests at the same funding levels.*

3. Construct Structural Repairs Harrodsburg Armory **\$600,000**

This project will repair structural damage to the walls and floor of the National Guard Armory at Harrodsburg. The structural stability and safety of the facility has been compromised due to the settling of the foundation and dropping of the floor system.

(C-PI)

CPAB Staff Notes

- *The project proposes to raise the facility floor, replace brick and concrete masonry units, and repair the windows and doors. The damage done to date threatens to make the facility unsafe to the personnel stationed there.*
- *This project has appeared in two previous capital plans and two budget requests at the same funding levels.*

4. Construct Structural Repairs Prestonsburg Armory **\$600,000**

This project will repair structural damage to the walls and floor system of the National Guard Armory at Prestonsburg. The structural stability and safety of the facility has been compromised due to the settling of the foundation and dropping of the floor system. (C-PI)

CPAB Staff Notes

- *The project was included in Military Affairs' last two capital plans and budget requests, but it remains unfunded.*

5. Construct Structural Repairs Walton Armory **\$600,000**

This project will repair structural damage to the walls and flooring system of the National Guard Armory at Walton. The structural stability and safety of the facility has been compromised due to the settling of the foundation. (C-PI)

CPAB Staff Notes

- *This project was included in Military Affairs' last two capital plans and budget requests, but it remains unfunded.*

DEPARTMENT OF MILITARY AFFAIRS
Proposed Projects NOT Involving the General Fund, Road Fund, or Agency Bonds

2012-2014

(Projects listed in alphabetical order)

Bluegrass Station Facility Maintenance Pool **2,000,000 RF**

The Bluegrass Station Facility Maintenance Pool contains projects for the repair and/or improvement of buildings and infrastructure at Bluegrass Station (Department of Military Affairs). Projects to be funded by the pool are urgent because of safety, code enforcement, and/or tenant concerns. Classifications of projects will include, but not be limited to, emergency roof repairs, repair of burst water mains, upgrade of sprinkling systems, and maintenance and repair of roadways. (C-PI)

Construct Army Aviation Suppt Facility Frankfort **48,000,000 FF**

This 100% federally funded project will construct a new Army Aviation Support Facility to provide adequate facilities for the maintenance and repair of Ky Army National Guard aircraft, training of aircrews, and support of the Guard's state mission. Project is included in the federal Five Year Defense Plan (FYDEP) and proposed to receive funding in Federal Fiscal Year 2013. (C-O)

Construct Facility for Asphalt Unit at WHFRTC **750,000 FF**

This is a proposal for a 100% Federally funded project to construct an approximately 8,000 sq ft facility to house a National Guard Asphalt unit at the Wendell H Ford Regional Training Center (WHFRTC). The unit would be relocated from its current location at the Madisonville National Guard Armory. The construction of this facility will significantly enhance the training capability of Kentucky National Guard Units as well as units from other states who use WHFRTC. (C-O)

Construct Facility For CERF-P at BNGC Frankfort **750,000 FF**

This is a 100% Federally funded project to construct a facility to house the Chemical Enhanced Response Force Package (CERF-P) assigned to Boone National Guard Center Frankfort. The mission of the CERF-P is to provide immediate response capability to the governor including: incident site search capability of damaged buildings, rescuing trapped casualties, providing decontamination, and performing medical triage and initial treatment to stabilize patients for transport to medical facilities. The facility will provide administrative, storage, and supply space and a small motor pool. (C-O)

Construct MEDCOM Building BNGC Frankfort **1,000,000 RF/FF**

This project will relocate the existing MEDCOM Building currently located at Bluegrass Station in Lexington by constructing a new MEDCOM facility at Boone National Guard Center. The existing MECOM building dates from the 1940's and is in a serious state of decline. This project will be 75% Federally funded and 25% State funded. (C-O)

Construct Pole Barns Bluegrass Station **1,200,000 RF**

This project will construct eight (8) wooden barns to be used as warehouses at Bluegrass Station. Each barn will be 5,000 square feet and independently constructed on concrete foundation with minimal utilities. (C-PI)

Construct Structural Repairs Ashland Armory 850,000 RF/FF

This project will repair structural damage to the walls and floor of the 62-year-old National Guard Armory at Ashland. The structural stability and safety of the facility has been compromised due to the settling of the foundation and dropping of the floor system. The project will be funded with 75% Federal funds and 25% Agency Restricted funds (C-O)

Expand Lexington National Guard Armory 750,000 FF

This 100% Federally funded project will expand the Lexington National Guard Armory to accommodate the requirements of the Modular Fire Brigade Headquarters assigned to this facility and relieve increased traffic and personnel congestion at the facility during troop training. (C-PI)

Expand State Emergency Operations Ctr Additional 11,800,000 RF/FF

This project will construct an approximate 26,000 square foot addition to the existing Emergency Operations Center in Frankfort. The addition is necessary to improve the State Emergency Operations Center in support of the government's response to Homeland Security missions, declared emergencies, daily incidents and manmade and natural disasters (C-PI)

Expand Vehicle Storage Bay WMD Bldg Louisville 750,000 FF

This 100% Federally funded project will expand the vehicle storage bay at the Weapons of Mass Destruction Building at the Louisville International Airport. The expansion is needed to ensure mission readiness and protect mission essential equipment. (C-O)

Install Solar Array Harold Disney Training Site 720,000 FF

This is a 100% Federally funded project to install 100kw ground and roof solar arrays at the Harold L. Disney Training Site in Barbourville. These arrays will be in addition to the solar arrays already operating at HLDTTC and will take the facility to zero net for energy. (C-O)

Install Solar Energy Array W. Ford Training Site 720,000 FF

This is a 100% Federally funded project to install additional solar array at the Wendell H Ford Regional Training Center (WHFRTC) in Greenville. These arrays will be in addition to the solar arrays already operating at WHFRTC. (C-O)

Renovate Butler Reserve Center Louisville 5,000,000 RF

This project would renovate approximately 62,353 sq ft of building space at the Benjamin Butler Reserve Center in Louisville. This property would be used to headquarter the National Guard staff currently located at the Fairgrounds Armory in Louisville. The property is being turned over to Military Affairs by the Dept. of Defense due to the Reserve Center being closed by the Base Realignment and Closure (BRAC). (C-PI)
